Dear Mrs. Fields -

I have now ready and will send by express in a day or two the copy for the new Edition. - The Sketches should of course come first. - I have got one story written which to conclude that part of the book, which is not printed - but it will soon be out in the "Era" and I will send it on to you at once - You can begin printing as soon as you receive the matter. If there is too much of it to make the a volume of the size of "Greenwood Leaves" - the first nine ^(8 pages) letters, may be omitted - and a sketch or an essay, entitled "The Irish Patriots" - page 12. - Do make a note of this, so that there shall be no misapprehension.

Send proof by mail - but do

not return a copy. I can correct
by memory - I but have your
printer if he leaves out those
articles - save them for me.

I am getting along very
well with the manuscript - you
shall have the copy by the 1st
of July - "Lord willing" - by the
15th "whether or no."

I hope you will find the
matter for this book well ar-
ranged - I have bestowed
great labor upon it, and hope
you will be under great obligations
to cut it down or cut it up.

Commend me to Mr. Fickner
I will write to him before long.

My kind regards to your wife,
and to the Whipples -

Ever sincerely yours
Gerrit Greenwood.
