

### Our Artists in Rome.

Miss Annie Brewster writes to the Boston Advertiser: "Most of the artists have left Rome. Story and his family are at Leghorn. Coleman is in England, but expects to summer in Venice. Graham is in Venice. Ives and family are at Perugia villa. Rogers is in America. Tilton is in Switzerland and goes thence to England. Stanly Hazeltine and family are at a bathing place on the Belgian coast, Blakenburg. Some are in Rome hard at work in their studios finishing the last season commissions and preparing for the coming year; Simmons and Harnisch are among these; although I believe Simmons intends going to Berlin, and Harnisch runs off once in a while to Brufani's at Perugia."
